## *Women & Men of Destiny*

Category 6, Ocean View stateroom, Twin/King

### **Ocean View**

You'll be delighted with how large our stateroom windows are, giving you excellent views of the ocean and each destination. When sleeping late or planning an afternoon nap, the room-darkening draperies glide closed in seconds.

Category 8, Balcony stateroom, Twin/King

### **Balcony**

Most balcony staterooms also have a separate sitting area for your added comfort. You'll also find that sitting outdoors where you can relax, enjoy the privacy and admire the passing scenery will add immensely to the pleasure of your cruise.

NST #2006-0249

A close-up, artistic photograph of a person's back being massaged with dark, smooth hot stones. The person is lying face down, and the massage therapist's hands are visible, holding the stones against the skin. The lighting is soft and focused on the back, creating a relaxing and intimate atmosphere.
